Allegation of Use
(Statement of Use/Amendment to Allege Use)
 (15 U.S.C. §1051(c) or (d))
 TEAS - Version 5.4 : 07/11/2015

You may file an Allegation of Use ONLY *before* the application to register the mark has been approved for publication OR *after* a Notice of Allowance for the application has been issued. **NOTE:** To delete a Section 1(b) filing basis entirely from an application, or as a basis for an entire class, you must use the specific [Request To Delete Section 1\(B\) Basis, Intent To Use](#) form. **WARNING:** Unlike with an Amendment to Allege Use filed before an application has been approved for publication, you may not withdraw a Statement of Use (SOU) filed after a Notice of Allowance has been issued if the SOU fails to meet the statutory requirements. However, you may file one "insurance" extension request with the SOU, or afterwards, in the limited situation where time remains in the existing six-month period in which the SOU was filed. This would give you additional time to comply with the statutory requirements for filing the SOU.

NOTE: You must complete any field preceded by the symbol "*".

WARNING: This form has a session time limit of 60 minutes. Your "session" began as soon as you accessed this initial Form Wizard page. If you exceed the 60-minute time limit, the form will not validate and you must begin the entire process again; you can, however, [extend the time limit](#). You should always try to have all information required to complete the form prior to starting any session.

Owner Information

Check this box to **modify** the owner name that appears below if the name does not identify the current owner of the application.
Note: If this change relates to a change in the correspondence address or e-mail, please use the "Correspondence Information" section of this form.

	<p>WARNING: If the name appearing immediately above is not the name of the current owner of the application, you must change the owner information prior to transmission of this form.</p> <p>1. Transfer of Mark If there has been a transfer of ownership after filing the application, you should record this transfer with the Assignment Recordation Branch. This can be filed through the USPTO website at http://etas.uspto.gov. In the alternative, you may submit evidence of the change in ownership without recording it, by either submitting a copy of the document transferring ownership, or an explanation of the transfer, supported by an affidavit or declaration under 37 C.F.R. § 2.20. However, the USPTO records will not be updated and the registration will not issue in the correct owner name unless you record the transfer with the Assignment Recordation Branch.</p> <p>2. Mistake in owner name If a minor clerical error appears in the owner's name or a non-existent legal entity was improperly identified as the owner, you may correct this mistake on the form. However, you must separately explain in the "Miscellaneous Statement" portion of this form the reason for the correction. Failure to submit an explanation will result in an Office action being issued before your extension request may be granted. NOTE: You may not add a different owner or designate another legal entity as the applicant. For examples of correctable errors, see TMEP § 1201.02(c). To enter the change in the owner name: (1) check the box above (top) that appears to the left of the words "Check this box to modify the owner name that appears below if the name does not identify the current owner of the application."; (2) delete the name that appears immediately above; (3) type in the name of the current owner of the application; and (4) explain why you are changing the owner in the "Miscellaneous Statement" field.</p>

WARNING: The image size cannot exceed 5 megabytes per attachment.

Enter any word(s), letter(s), punctuation, and/or number(s) that appear in your mark here:

NOTE: Do **NOT** enter any word(s), letter(s), punctuation, and/or number(s) that do not appear in the attached image file. Leave this space blank if your mark consists only of design elements. The image file **must** include **all** elements of the mark; i.e., if your mark consists of a design **and** word(s), letter(s), punctuation, and/or number(s), the image file must include all of these elements. Any entry in the literal element field that is not found in the attached image file will **not** be considered part of the mark.

* If claiming color as a feature of the mark, list the colors below, including black, gray, and/or white if actual "colors" within the mark (e.g., enter red, white, and blue). Begin the entry with a lower-case, **NOT** an upper-case, letter. (Entry required for color marks only.)

The color(s) _____ is/are claimed as a feature of the mark.

If other than a mark in standard characters and you are **NOT** claiming color as a feature of the mark, you must: (1) check this box; and (2) remove all data that may appear in the color(s) claimed field, above, even if a statement therein is factually correct; under this scenario, the field must be completely blank. **NOTE: Check the box *only* if you believe your image is black and white, yet you received after clicking the "CONTINUE" button an ERROR about color within the mark (perhaps because the image consists of too much grayscale); otherwise, do **not** check this box, because the attached image was automatically accepted as black and white.**

* Enter a complete and accurate [description](#) of entire mark below, being sure to include ALL [literal elements](#) and/or design elements that are found in the attached mark image, but **NOT** including any element not appearing in the image. If a color mark, you must specify the color(s) that are part of the mark, including black, gray, and white, and also state the location thereof in the mark image (reference any wording in mark and/or design element(s)), and if a color mark, also include the nature and location of the color; i.e., you should specifically state where each color is located within the mark.

The mark consists of: (do NOT repeat this language)

. (end period is automatic)

NOTE: A description of the mark is required for **ALL** marks that are in a special form (i.e., for *any* mark not in standard characters). You must enter a description even if what the mark represents is immediately clear, e.g., "the letter C." . Also, for any color mark, the description of the mark **must** include the nature and location of the color; i.e., you must specifically state where each color is located within the mark, e.g., "a bird with a red body, blue wings, and yellow beak."

NOTE: Do **NOT** include as part of the description either the words "The mark consists of" or a final period, because that introductory wording and the punctuation will automatically be added after validation; otherwise, the overall description will have improper repetitions. Also, begin the entry with a lower-case, **NOT** an upper-case, letter.

You must wait until the changed data uploads into the USPTO databases, so that the display is correct before proceeding.

WARNING: Registration Subject to Cancellation for Fraudulent Statements

Statements made in filings to the USPTO must be accurate; inaccuracies could result in the cancellation of a trademark registration. For example, an applicant's lack of use on all goods/services for which use is claimed could jeopardize the validity of the registration and result in its cancellation.
