MARKS PUBLISHED FOR OPPOSITION

The following marks are published in compliance with section 12(a) of the Trademark Act of 1946. Applications for the registration of marks in more than one class have been filed as provided in section 30 of said act as amended by Public Law 772, 87th Congress, approved Oct. 9, 1962, 76 Stat. 769. Opposition under section 13 may be filed within thirty days of the date of this publication. See rules 2.101 to 2.105.

A separate fee of two hundred dollars for opposing each mark in each class must accompany the opposition.

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation “U.S. Cl.” appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).

For vehicle structural parts, namely brake systems for vehicles and their parts, namely cylinders, brake pads, hoses, hydraulic, pneumatic and electric boosters, tanks, valves: mechanical, electric and hydraulic setting devices, namely dampers, brake calipers, brake drums, foundation brake cylinders, brake blocks, brake discs, brake hoses, master cylinders, brake force boosters, adjustable brake pedals, electric motors and pumps; steering units for land vehicles and parts thereof; wheels fitted with tires and systems for fitting wheels with tires; wheel monitoring and deflation systems; controlled and uncontrolled chassis systems comprised of automobile suspension systems and parts thereof; namely air springs and gas springs, air supply units, active and passive, controlled and uncontrolled shock absorbers and spring struts; controlled adjustment devices for vehicle components such as throttle valves, cam shafts and parts thereof (U.S. Cls. 19, 21, 23, 31, 35 and 44).

Class 16—Paper Goods and Printed Matter

For text books and periodicals in the field of general automotive information and automotive repair, repair and/or service manuals for automotive parts (U.S. Cls. 2, 5, 22, 23, 29, 37, 38 and 50).

Class 35—Advertising and Business

For marketing consulting regarding vehicle parts; professional consulting in the field of business and marketing; procurement of car parts for car manufacturers, car dealers, garages and end users; organization of trade fairs and exhibitions and other publicity events for commercial or advertising purposes; licensing of services related to custom assembly, testing and repair of car parts (U.S. Cls. 100, 101 and 102).

Class 41—Education and Entertainment

For training services in the field of automotive repair (U.S. Cls. 100, 101 and 107).

Class 42—Scientific, Computer and Legal Services

For developing and conducting technical project studies pertaining to the field of assembly, testing and repair of car parts, and custom assembly; research, design and testing for new product development in the area of sensor, control and regulating systems and related processors for improving driving safety, directional stability, riding comfort and noise control; technological consulting in the field of the automotive industry and surveying (U.S. Cls. 100 and 101).

SECTION 2.— INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).

TRADEMARK REGISTRATIONS ISSUED UNDER SECTION 1(d)

The following marks have registered on the Principal Register pursuant to the intent-to-use provisions of Section 1(d) of the Trademark Act of 1946, as amended.

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation “U.S. Cl.” appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).

SECTION 2.— INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation “U.S. Cl.” appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).
